You will be able to choose one of two plans located under the '**Installment Payment Plans**' box. The **Remaining Balance Due Plan** will create a payment plan for you based on the remaining estimated balance that comes directly from your ebill. The **Custom Balance Plan** allows you to enter in a contract amount separate from the ebill and is most useful for students with payments coming from multiple sources i.e. KAPT, NORTON, UPS, outside scholarships that have not arrived, etc. Once your plan has been created, you have the option to enroll in auto-payments where the amount due is drafted from your bank account on the tenth of each month. You may also log in to pay toward your payment plan each month by selecting *Click Here to Make a Payment* and then *Monthly Installment Plan*. **Payments toward the plan are made online ONLY.** You may pay with VISA, MasterCard, American Express, or Discover (2.75% fee) or with an electronic check (no fee).
