

## Residential Security

- Shuttle schedule during fall and spring semesters, Monday through Friday from 7:30 a.m. to 10 p.m.
- The Safety and Security office provides security coverage through regular rounds in the residence halls each night.
- Safety and Security officers work in conjunction with the Residence Life Office to provide services and programs intended to enhance the quality of life and to assure the safety and security of the student body.
- During all university breaks when classes are not in session, special security procedures are in place for the residence halls. Those students remaining on campus are required to register with the Residence Life Office.
- All residence life professional staff members live on campus and share in an On-Call Duty rotation 24 hours a day, seven days a week.
- Each residence hall is staffed with one on duty Resident Assistant each night for accessibility.
- All staff members of the Residence Life Office are available to address the student population needs, maintain a safe and academically conducive environment, and assist students in the college transition.
