When will I receive a bill?

Estimated Statements for the Fall semester will be generated during mid-June. The Estimated Statement will contain estimated charges based on the student's registration and estimated financial aid that has been accepted by the student.

Payments are due for Fall by August 1 and for Spring by January 5. Revised bills are generated after drop/add week at the beginning of each semester and are uploaded to your secure online account and an email is sent to the official Bellarmine University email address of the student. Your bill may be accessed online through the Student Portal located on <http://experience.bellarmino.edu>. Please note: A paper bill is not mailed.

Where is my bill sent?

Your bill will be uploaded to your secure online account and an email is sent to the official Bellarmine University email address of the student. You will receive an estimated statement uploaded to your secure online account during June. In order for parents or other authorized users to receive the tuition bill and monthly statements, students must set them up with an ID and password by logging on to <http://experience.bellarmino.edu> and then selecting the *One Payment Gateway* link. Choose *MyAccount* and *Send a Payer Invitation*. Once set up, the system will send an email to the Parent/Authorized User with the login and password so that they may view and/or pay the tuition bill online at any time. E-mails will also be generated to the e-mail address of the parent/authorized user so that they will be advised when the statement is available online. The parent login link is not the same as the one.bellarmino.edu student login so be sure to bookmark the parent/authorized user login link.

Paperless Billing – Does that mean my parents won't receive a bill?

Bellarmino University Office of Student Accounts went paperless on August 1, 2012. **Paper bills are not mailed.** The student's Bellarmine University email is their official email address. All communication regarding statements and charges will be sent to this email address. In order for parents or other authorized users to receive the tuition bills and to allow them to pay online, the student must set them up online with an ID and password. Do this by logging on to <http://experience.bellarmino.edu> and then selecting the *One Payment Gateway* link. Choose *MyAccount* and *Send a Payer Invitation*. Once set up, the system will send an email to the Parent/Authorized User with the login and password so that they may view and/or pay the tuition bill online at any time. E-mails will also be generated to the e-mail address of the parent/authorized user so that they will be advised when the statement is available online. The parent login link is not the

same as the one.bellarmino.edu student login so be sure to bookmark the [parent/authorized user link](#). Students may set up more than one parent/authorized user. Note: This gives parents access to the billing, payment and payment plan features only and not to the student's personal emails, grades, schedule, etc.

How can I update my address?

Address changes are made in the Registrar's Office in CNHH 205. You may also contact them by calling (502) 272-8133 or emailing registrar@bellarmine.edu.

When is payment due?

Payment of your estimated amount due or payments on a tuition payment plan must be made by August 1 for Fall and January 5 for Spring. Revised bills will be generated at the beginning of each semester. Any adjustments made to the Estimated Statement will be reflected in the revised bill (i.e., class changes, additional fees, additional aid, etc.). If changes result in a balance due, you should make payment in full by the final due date (which will be noted on the revised bill) or have your payment plan adjusted by e-mailing our office at studentaccounts@bellarmine.edu. Please refer to the Class Schedule for the applicable academic year for the most up to date information on the student portal.

How is work-study handled?

The Federal Work-Study (**FWS**) program is a need-based program that is available only to students who qualify for the award as determined by the Free Application for Federal Student Aid (FAFSA). If students are awarded work-study in their financial aid package, they may view open work-study positions posted in [handshake](https://handshake.com) which can also be accessed in *experience.bellarmino.edu* under *Career Development*. Students are responsible for securing a work-study position by contacting supervisors and scheduling interviews. Students must also complete a W-4 and I-9 form for employee eligibility. Once hired, hours worked are logged in the timekeeping system. Students may set up direct deposit of their work-study paycheck to go directly into their bank account or they may give us authorization to apply 100% of the bi-weekly earnings to the student's tuition account by filling out a [Tuition Authorization Form](#). The amount of tuition and fees not covered by work-study earnings must be paid by the published due date. The amount of tuition and fees not covered by the outside funding must be paid in full by the published due date. Please note that outside funding directly from outside scholarships will need to be received by the published due date.
