

G.O. MINISTRIES

G.O. Ministries seeks to empower passionate, Local Leaders serving inside their cultures to Redeem people, Renew communities and Restore Creation by developing dynamic International Partnerships in Ministry that result in mutual transformation.

Through local leaders, G.O. Ministries serves thousands of people in the Dominican Republic, Haiti, Mongolia, Colombia and urban America. We do so

primarily through church planting, nutrition centers, medical clinics, sports outreach, primary schools, ongoing training, water purification projects, and kingdom businesses. G.O. Ministries is built from Partnerships in Ministry with churches, businesses and individuals and local leaders. It is true that the local leaders G.O. serves alongside are under-resourced in very particular ways. It is also true that North American partners are under-resourced in other ways. The power of International Partnership is that it serves as a catalyst for mutual transformation. It is a cross-cultural embodiment of iron sharpening iron and it strengthens Christian community on both sides of the Partnership. Every year, over one thousand volunteers travel to the Dominican Republic and Haiti on short-term mission trips to join us in making a difference.
