When will I receive a bill?

Estimated Statements for the Fall 2021 semester will be generated around mid-June. The Estimated Statement will contain estimated charges based on the student's registration and estimated financial aid that has been accepted by the student. **Payments are due for Fall by August 2, 2021 and for Spring by January 5, 2022.** Revised bills are generated after drop/add week at the beginning of each semester and are uploaded to your secure online account and an email is sent to

the official Bellarmine University email address of the student. Your bill may be accessed online through the one.bellarmino.edu portlet. Please note: A paper bill is not mailed.

Where is my bill sent?

Your bill will be uploaded to your secure online account and an email is sent to the official Bellarmine University email address of the student. In order for parents or other authorized users to receive the tuition bill and monthly statements, students must set them up with an ID and password by logging on to one.bellarmino.edu and selecting the One Payment Gateway link. The system will send an email to the Parent/Authorized User with the login and password so that they may view and/or pay the tuition bill online at any time. E-mails will also be generated to the parents e-mail address so that they will be advised when the statement is available online.

How is work-study handled?

The Federal Work-Study program is a need-based program that is available only to students who qualify for the award as determined by the Free Application for Federal Student Aid (FAFSA). If students are awarded work-study in their financial aid packages, job information is sent to them, with a web site of a list of job

openings. Students are responsible for securing a work-study position by contacting supervisors and scheduling interviews. Students must also complete a W-4 and I-9 form for employee eligibility. Once hired, hours worked are logged in the timekeeping system. Students can pick up their monthly paychecks in the Business Office in Horrigan Hall (direct deposit is offered and encouraged) or a student may fill out a form in the Office of Student Accounts giving authorization to apply 100% of the monthly earnings to the student's tuition account. The amount of tuition and fees not covered by work-study earnings must be paid by the published due date. Additional information on the Federal Work-Study program can be obtained from the Financial Aid webpage. If you have questions about direct deposit, please contact Payroll at 502-272-8260.

What if I have outside funding?

The amount of tuition and fees not covered by the outside funding must be paid in full by the published due date. Please note that outside funding directly from outside scholarships will need to be received by the published due date. If payment has been made and then the scholarship is later received, the Office of Student Accounts can issue a refund.
