BUILDING IMAGINARY WORLDS

If you can imagine it, you can create it! Discover how to build worlds made up of 3D people, animals and buildings. Add elements of fantasy with dragons, spaceships, aliens, spooky creatures or amusement park rides in that world. As you learn to animate objects in this 3D world, you will be learning the basics of 3D programming. We will be using SCRATCH, created by MIT, and ALICE, created by Carnegie Mellon University. Both were created to help students learn fundamental computer programming concepts in the context of creating animated movies and simple video games.

INSTRUCTOR: Eric Wong, Ph.D., teaches computer science at Mercy Academy.

CEYU 230 (01) / Ages 10 - 14 / Mon. - Fri.
June 17 - 21 / 9 a.m. - noon / \$179

CEYU 230 (02) / Ages 10 - 14 / Mon. - Fri.
June 17 - 21 / 1 - 4 p.m. / \$179

BROADCASTING BASICS

Would you like to learn to shoot, edit and even star in your own video? How about learning to write for video? Gain tips on how to make an impact either in front of the TV camera or behind-the-scenes. Bring your enthusiasm and, by the end of the camp, you'll be ready to host your own show on the internet.

INSTRUCTOR: Gary Fogle is an instructor in Bellarmine University's School of Communication. He worked for 25 years as a television sports anchor/reporter.

CEYU 240 (01) / Ages 8 - 10 / Mon. - Fri.

WEB MONKEYS

Do you surf the web and wonder how a page is made? Come learn how to design and build your very own web page! Explore the basics of HTML and CSS. Then you'll create your personal page, complete with text, graphics and more. Best of all, the site you create is yours to keep!

CEYU 110 / Ages 10 - 14 / Mon. - Fri.
July 15 - 19 / 9 a.m. - noon / \$159

MOVIE MAGIC

This computer-based course will help junior movie-makers take a story from idea to screen. Students will work in small teams to create a story, make a story-board to plan out every scene and then film it! Back in the computer lab, we'll take our footage and edit it into an amazing mini-movie! Come join us and bring out your inner Spielberg. Bring a USB thumb drive, minimum 4GB.

CEYU 160 / Ages 10 - 14 / Mon. - Fri.
June 17 - 21 / 9 a.m. - noon / \$159

PIXELS TO PAPER

Discover how to take your creativity to the next level as you explore the basics of digital graphics: photo/image handling, creative lettering and layout. Using both professional grade and freely available online graphics tools, you'll create several fun and exciting projects. You'll take home a full color printout of your project and all your files.

CEYU 260 / Ages 10 - 13 / Mon. - Fri.
July 15 - 19 / 1 - 4 p.m. / \$159

INSTRUCTOR: Mith Barnes, MA, has taught digital graphics techniques to both pros and amateurs for over 15 years.

NOTE: Registration closes at noon 3 days before each camp begins.

OUT OF THIS WORLD – WITH AR & VR!

Take a summer vacation that's really out of this world! Campers will create, populate and animate virtual worlds, learn to code using CoBlocks (a “snap together” programming language), build their own augmented reality (AR) cube and build their own virtual reality (VR) viewer! At the end of the week you will take home the world-building software, cube and viewer. See examples at edu.cospaces.io/Universe.
