RETROSPECT: A LOOK BACK AT THE LAST YEAR

One of the most significant achievements from the past year was a strengthened relationship between Staff Council and Faculty Council. Communication between the leadership of both councils resulted in the following developments:

- Updated Town Hall format to allow for more time to reflect on information presented and ask questions
- Taskforce for Improving Shared Governance
- Amended bylaw regarding Staff Council leadership structure from president-treasurer-secretary to future president-current president-past president

Additionally, Staff Council continued to lead the monthly Staff Appreciation recognition to celebrate the impactful contributions that Bellarmine employees across campus have made.

As we look forward to the next year, please feel free to submit any suggestions for topics you would like Staff Council to discuss using the [feedback form](#).
