Excellence in competition and in the classroom.

## ACADEMIC AND SUPPORT SERVICES FOR STUDENT-ATHLETES MISSION AND VISION

We are a department focused on building strong relationships with our student-athletes, supporting them through their challenges, fostering their integration with critical resources across campus, and educating them in mind, body and spirit to be their best selves beyond college.

We will become an elite NCAA Division I academic and support services unit by having strong working relationships with all student-athletes across their time at the university, supporting them to follow their passion by pursuing any area of interest, providing a holistic experience by getting them engaged with partners on campus and in the community, and helping each of our student-athletes to become leaders.

## ACADEMIC EXCELLENCE
