FOCUS ON FACULTY 2017
It is my great pleasure to recognize and celebrate the scholarship, teaching, service and overall excellence of our faculty at Bellarmine University.

I am profoundly grateful for our faculty’s devotion to classroom instruction that challenges students, and for their support in helping our students to meet those challenges. This volume, however, demonstrates the considerable time, imagination and energy that our faculty give to pursuits beyond the classroom—researching, publishing, creating works of art, leading study-abroad courses and service-learning trips, and providing expertise in the community.

These and other accomplishments have allowed Bellarmine University to become a private institution of significant stature—the premier Catholic university in the South and the leading private institution in the Commonwealth and region. We are proud to showcase our faculty in this publication, which is organized around these goals of Bellarmine’s Strategic Plan:

- Celebrate our Catholic identity in the inclusive Merton spirit as the foundation of our commitment to student fulfillment, global consciousness and environmental sustainability;
- Establish and sustain a climate of excellence throughout the university;
- Integrate an international focus and sensibility into all curricular and co-curricular programs; and
- Enhance our reputation, expand our market and dramatically grow our enrollment.

Achievements listed here represent work that was completed from the fall of 2015 through the end of calendar 2016. They vividly illustrate how Bellarmine’s excellent faculty bring our mission to life—by educating talented, diverse students of many faiths, ages, nations, and cultures, and also through their scholarship and service. Together, they are helping to create the future and improve the human condition.

Please join me in congratulating and thanking our faculty for their many successful endeavors.

In veritatis amore,

Dr. Doris A. Tegart, Interim President

Dr. Moira O’Keeffe (Communication), granted tenure and promoted to Associate Professor
Dr. Susan White (Mathematics), granted tenure and promoted to Associate Professor
Dr. Shawn Apostel, Assistant Professor of Communication and Instructional Technology Specialist, attended the Harris Manchester Summer Research Institute as part of the Joseph and Maureen McGowan Prize for Faculty Development, where he studied Anglican publications of the mid-1500s, specifically the 1552 Book of Common Prayer, to trace the origins of huge advancements in the design of technical documents during that period.
Ms. Caren Cunningham (Professor and Program Director of Arts Administration) served as a juror for the American Printing House for the Blind’s InSights 2015 exhibit, the 24th annual juried art competition for visually impaired artists. Professor Cunningham attended the 147th annual APH trustees meeting in Louisville and met participating artists.

Ms. Laura Hartford (Associate Professor and Chair and Associate Dean of Bellarmine College) coordinated and served as the instructional assistant for two calotype photography workshops with Irish artist Fionnbharr O’Suilleabhan, co-hosted by Bellarmine University and the University of Louisville as part of the 2015 Louisville Photo Biennial and the 2015 Midwest Regional Society for Photographic Education conference.

Ms. Hartford serves annually as a photography judge for the Cave Hill Heritage Foundation’s “Four Seasons of Cave Hill” Photography Contest.

Biology Department

Dr. Roberta Challener (Assistant Professor) received an internal faculty development award to support her work entitled “Investigation of long term sub-lethal predation of sea stars in the Gulf of Mexico” in fall 2015.
Dr. Challener supported two students who received Student Government Association fellowship awards to support their independent research projects in fall 2015.

Dr. Challener received a student supply grant from the Kentucky Academy of Science to support her independent research project in the fall 2015.

**Dr. Joanne Dobbins** (Professor) continued a second year of funding from the Small Genome Discovery Program.

Dr. Dobbins served as a member of the Friends of the Zoo board.

**Dr. Carolyn Doyle** (Assistant Professor) served as a peer reviewer for a manuscript that was published in the Quarterly Review of Biology in December 2016 and served as a reviewer for the textbook *Anatomy and Physiology: an Integrated Approach* by Julian Pittman for Cognella Publishing.

Dr. Doyle received an internal faculty development award to support her research entitled “Study investigating infection and mood” in fall 2016.

Dr. Doyle was named associate editor for the Journal of Evolutionary Medicine in fall 2016.

**Dr. Mary Huff** (Associate Professor and Associate Dean of Bellarmine College) received the Dr. Fred Rhodes Inspiration Award at Bellarmine University in March 2016 and the Sr. Pat Lowman Student Advocate Award at Bellarmine in May 2016.

Dr. Huff received the Rev. Leo Foley Outstanding Educator of the Year Award at the summer convention of the national fraternity Alpha Delta Gamma in August 2016.

Dr. Huff was the invited keynote speaker at the 4th Annual Meeting of the American Physiological Society Kentucky Chapter in Lexington in March 2016. The title of her presentation was “The Importance of Engaging Undergraduates in Scientific Research.”

Dr. Huff hosted senior high school biology students from Seneca High School for a College Day program in November 2016.

Dr. Huff served as a judge for the undergraduate student research poster competition in April 2016 at the American Society for Biochemistry and Molecular Biology annual meeting in San Diego, Calif.

Dr. Huff continues to serve as a member of the American Society for Biochemistry and Molecular Biology Student Chapters Steering Committee and as co-director of the southeast region for the fifth year.

Dr. Huff served as a reviewer for several award programs offered through the American Society for Biochemistry and Molecular Biology, including the Outreach Grant program in January 2016, the ASBMB Honor Society Selection Committee in March 2016, and the Marion B. Sewer Distinguished Scholarship for Undergraduates in June 2016.

**Dr. Paul Kiser** (Associate Professor) was chosen by Mayor Greg Fischer to participate on a panel of scientific experts who spoke at a community forum in September 2016 where the public had the opportunity to discuss a proposal to expand Louisville’s smoking ban to include e-cigarettes and hookahs. Dr. Kiser pointed out the misperceptions of younger consumers regarding the health effects of vaping.

Dr. Kiser was elected as co-chair of the Board of Directors/Executive Board for the KY-Agency for Substance Abuse Policy, Region 6.

Dr. Kiser served as a member of the Kentucky Academy of Science (KAS)’s Science Education and Advocacy Committee.

**Dr. David Porta** (Professor) was elected program secretary for the American Association of Clinical Anatomists, as well as chairman of its Meeting Oversight and Program Planning Committee, for 2015-17. He will also serve as a member of the association’s Council and Executive Committee.
Dr. Porta was invited to teach several cadaver review workshops, “Functional Anatomy Relative to the Treatment of Upper and Lower Limb Spasticity, Cervical Dystonia and Chronic Migraine,” for the Allergan, Inc. RITE, Botox Live, and Training programs, at the following venues: Hartford, Conn., and St. Louis, Mo., September 2015; Miami, Fla., and Seattle, Wash., in December 2015; UC-Irvine and Orlando, Fla., in June 2016; Kansas City, Mo., in July 2016; Duke University Medical School in September 2016; and University of Texas Southwestern Medical Center in December 2016.

Dr. Porta was invited to give a presentation on medical research, forensic science and neuroanatomy to students participating in the Commonwealth of Kentucky Governor’s Scholars Program at Morehead University in July 2016.

Dr. Porta served as an external reviewer for the promotion portfolio for two colleagues in 2016, one at Ohio State University and the other at the University of South Alabama School of Medicine.

Dr. Porta served as a judge for the student poster competition at the American Association of Clinical Anatomists meeting in Oakland, Calif., and for the student poster and platform competition at the Injury Biomechanics Symposium at Ohio State University, both in June 2016.

Dr. David Robinson (Professor) served as peer reviewer for a manuscript submitted to the plant-science journal Seed Science in November 2015.

Chemistry & Physics Department

Dr. Francis Barrios (Assistant Professor of Chemistry) served as a textbook reviewer for the eighth edition of Vollhardt Organic Chemistry in 2016.

Dr. Barrios participated in a workshop entitled “Active Learning in Organic Chemistry Workshop” sponsored by NSF and Chemistry Collaborations, Workshops & Communities of Scholars that was held in Washington, D.C.

Dr. Patrick Holt (Professor of Chemistry) was a guest speaker for Periodic Table Day at Eastern High School in February 2016.

Dr. Holt served as a manuscript reviewer for the Journal of Chemical Education in 2016.

Dr. Holt served as the mentor for a Ballard High School student in 2016.

Dr. Akhtar Mahmood (Professor of Physics) was featured among the “20 People to Know in Education” by the Louisville Business Journal in August 2016.

Dr. Mahmood served as the Bellarmine University campus director for the state-wide NASA-EPSCoR-Kentucky Space Grant Consortium and reviewed proposals submitted to this program.

Dr. Mahmood served as a member of the Kentucky Academy of Science (KAS) Science Education and Advocacy Committee, the Excellence in Science Education & Outreach Award Committee, the Grants & Awards Committee, and the Public Engagement Committee.

Dr. Mahmood served as the Bellarmine University Physics liaison to the American Physical Society.

Dr. Mahmood is one of the founding members of the statewide research consortium Kentucky Association for Research with LSST (Large Synoptic Survey Telescope). This research consortium consists of six public institutions and two private. Dr. Mahmood is part of two consortium research grants from NASA-EPSCoR, one in the amount of $75,000 and the other in the amount of $32,974.

English Department

Dr. Jon Blandford (Associate Professor and Director of the Honors Program) participated in a weeklong multidisciplinary seminar on slave narratives at Yale University. He was one of 27 faculty participants selected from a pool of 66 by the Council of Independent Colleges and the Gilder Lehrman Institute of American History.
