

## **Instructions for Authors**

**Kentucky Honors Roundtable**

**Bellarmino University**

**February 22-23, 2019**

### **Presentation Formats**

Students have the option of presenting a talk, poster, or creative work.

#### **Poster**

Posters will be presented during the one-hour poster session on Saturday. The recommended poster size is 36 inches x 48 inches in landscape orientation. Easels, foam board, and push pins will be provided to mount the posters. Four digital poster options are available during the poster session using the projectors in rooms where concurrent sessions are held. If you wish to present a digital poster, please indicate this request on your registration form.

#### **Oral Presentation**

Oral presentations will be given during the concurrent sessions on Saturday morning and afternoon. A computer with internet access, a projector, audio, and a slide advance/laser pointer will be provided in each room. Please bring your presentation on a thumb drive or in cloud storage, and upload your file to the computer in the room before the beginning of your session. Talks will be allotted 15 minutes each. A series of three talks will be followed by a 15-minute Q&A involving the three prior speakers.

#### **Creative Work**

Literary, artistic, or other creative work can be presented either during the poster session or the concurrent session. For example, a painting or sculpture might be on display during the poster session, whereas a poem or short play could be read or performed during the 15-minute concurrent sessions. Please indicate on your registration form preferences for the poster or oral sessions and any additional needs for presentation of creative work.
