You and your covered family members can use this to pay out-of-pocket expenses such as co-pays and deductibles or leave unspent to grow as savings for future allowable expenses. Each year, the HSA can be funded up to the IRS maximum by you, your employer or both. You control the HSA, giving you the flexibility to decide how, when and where to spend your health care dollars. The HSA is “portable,” which means you keep the funds even if you change health plans, take a new job or retire. Bellarmine currently contributes \$550 per year for Employee only, \$825 per year for Employee Spouse/Child, and \$1,100 per year for Family coverage. Bellarmine’s contribution is prorated if you are a new employee starting midyear. IRS limits for 2021 are \$3600 for employee only coverage \$7200 for all other tiers. Contributions are pre-tax. If you are age 55 or older, you can contribute an additional catch-up contribution of \$1000 per year.
