

April 2021 Staff Appreciation Nominations

Hospitality

- **Rhonda Henning:** Rhonda always has a friendly greeting for each and every Allen Hall student, staff and faculty member. She remembers to ask about upcoming exams, family members and checks in with us all after any school closings. Most importantly, she will remind us when the Red Pepper Gouda soup is on the menu. We are truly fortunate to have such a welcoming and warm individual joyfully serving our needs on a daily basis.

Solidarity

- **Angela Rone:** Angela Rone, is the best thing going at Bellarmine. She has her finger on the pulse of many things at Bellarmine. She treats everyone like the precious person that God has made us. She works hard to ensure everyone is treated the same and that everyone has the same opportunities. She has made my work life a thousand percent better since I met her.

Intrinsic Values

- **Tracey Cox:** Bellarmine's books are so much better and more accurate because she cares so much about BU and always "getting it right," regardless of how much time she must spend doing her job and helping everyone else across campus with theirs. Thank you for this opportunity!

Light of Truth

- **Eric Satterly:** This man hardly sleeps and concerned for the best of the BU community. He is highly motivated and adapts to all situations and flourishes.
